Civil Engineering

Benchmark Recruitment has been working with the UK's largest Civil Engineering organisations since its inception and has built a strong working relationship with its clients. Our permanent and temporary Candidates have worked on major infrastructure projects including smart motorways, relief roads, highways, bridges, airports, rail developments and utilities improvements and upgrades.

Construction

Our experienced team has worked with major construction organisations providing highly experienced candidates and staff to construction projects throughout the UK in both the private and public sectors, including retail, commercial, industrial, health and residential. We are aware that not only a fast response to requests is required but also the importance of providing candidates with the correct level of experience relevant to the requirement and project. Benchmark Recruitment is on a number of major PSL's. and Marine power projects.

Rail

Our team has considerable experience supplying staff including Site Agents, Project Engineers, Project Managers, Structural Engineers, Health and Safety Advisors and Construction Managers to Rail Projects throughout the UK such as station developments, upgrades, structural improvements and electrification.

House Building

We have a large database of candidates who have considerable house building experience across social housing, speculative housing, the private rental sector and private residential homes. We supply candidates from Land

Managers to Project Managers, from Design Managers to Site Engineers. Our candidates are fully certified with regular updates to regulatory requirements.

Our ability to add value to all levels of permanent and temporary recruitment stems from our wholehearted belief in personalised problem solving, born of many years of specialised experience. Our aim is to provide our clients with a competitive advantage in attracting and securing new talent while delivering cost, time and process savings. We believe in creating individual solutions tailored to meet exact needs, based on a close, first-hand understanding of our clients and their markets.

Our aim is to be the preferred supplier of technical, commercial, supervisory and management staff to quality construction contractors in the region. This will be done through industry knowledge, professionalism, hard work and customer service.

It is not just our intention to merely supply people to you; it is our intention to assist in the growth and success of your business and to form a working relationship that meets your recruitment needs now and in the future.

Benchmark Recruitment has worked with some of the countries biggest Construction and Civil Engineering companies in the UK.

These are long term, valued clients of Benchmark Recruitment that we have done continued business with over the course of the last 10 years.
